

Daniel Agulló

General Manager - Italdesign Giugiaro Barcelona S.L.U.

Daniel Agulló was born on April 11, 1970 in Barcelona, Spain.

He studied Industrial Engineering and complemented its studies with a Post-Degree master in Marketing and another master in 3D Design.

Since 1996 he worked as Modelshop Project Manager in BCT (Barcelona Centre de Technologies), a first line Design Studio supplier, managing styling models and design services. In 2002 he moved to apply all his experience to set up the Modelshop Business for the Spanish subsidiary of EDAG Engineering + Design AG. In 2005, Fuore Design Ltd offered him a managing position in Barcelona's design studio.

In 2006, Italdesign Barcelona calls him to develop Industrial Design business. After some years as also Business Development Manager, he was finally appointed General Manager for Italdesign Giugiaro Barcelona in 2010.

as of November 2016
